Bethel Road-Bridge Job Completed

Final cleaning up is nearly finished on the highway and bridge construction at the westerly approach to Bethel village. Work was started on this project on Sept. 19, 1961. The contract was awarded to H. E. Sargent, Inc., of Stillwater at \$245,044.48 on Aug. 30 last year. William Moore of Livermore was subcontractor for the bridge. State engineers in charge here have been Frank Foster, bridge, and Franklin Burris, highway.

The completed project as a whole is reported as one of the most attractive in the state. Some confusion is noted by the traveling motorists and complaints of local people are not

uncommon. However, the signs as placed by the state personnel are probably as well planned and effective as can be expected.

The light poles on the bridge are wired but not yet in operation, and there is a possibility of more lights on the approaching highway. Complaints that the village is by-passed more than before will have to be met later by a local sign system.

The large bridge spans the Grand Trunk railroad tracks and U. S. Route 2. A smaller new bridge spans Mill Brook for eastbound Route 2. The entire federal-state expense was about \$457,000.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

There will be a special town meeting Tuesday, Oct. 30, at 7:30 at the Odeon Hall. The only topic of the meeting will be to authorize the treasurer and selectmen to hire \$10,000 for the school maintenance account of the school department. This money should have been raised at the March town meeting but the school department could not figure the tuition needs for the year accurately due to a change in the state method of setting allowable tuition that high schools could charge. This year the state should make the figures available to the school committees before the budget committee meets so the proper amount for tuition can be raised at the annual town meeting.

About ten new voters have registered to vote in the last couple of weeks. The total to date shows that twenty-seven voters have been added to the voting list since June 11, and three have been taken off.

The highway crew is 'locking' the winter sand this week. When this job is finished, the snow fence will have to be put up and the plow frames put on the trucks.

CARL OLSON LOSES LIFE IN E. BETHEL BARN FIRE

When the barn of Mr. and Mrs. Melvin Olson at East Bethel, burned last Thursday afternoon, their 2½ year old son, Carl, lost his life in the blaze. He and older boys were playing in the barn which was filled with hay. The little boy's body was removed from the ruins about 10 o'clock that evening.

He was born in Rumford May 5, 1959, the son of Melvin and Shirley Flynn Olson. Besides his parents he leaves three brothers, Glenn, Randy and Christopher; paternal grandparents, Mr. and Mrs. Jorgen Olson of East Bethel; and maternal grandmother, Mrs. Elizabeth Flynn, of Rumford.

Mass of the Angels was celebrated at St. Athanasius Church, Rumford, Saturday morning. Burial was in St. John's Cemetery.

Although the fire in the barn was beyond control when discovered, the Bethel firemen saved the Olson home close by although it was slightly scorched. The buildings were formerly the home of Mr. and Mrs. Guy Bartlett.

DOLOFF FOR GOVERNOR SIGNS REMOVED

Vandals struck at the Democratic party in southern Oxford County last Thursday evening. In a widespread attack, 21 large "Doloff for Governor" highway signs in Norway, South Paris, Woodstock, Oxford, West Paris, Bethel and Bryant Pond were destroyed or removed.

The total loss is estimated to exceed \$100. Democratic party workers said that adults using trucks and wrecking tools would have been needed to remove the signs.

SENIOR CITIZENS MEET

About forty-five members of the Senior Citizens met in Garland Chapel Oct. 16. The tables were very attractively decorated with bouquets of chrysanthemums and large bowls of red apples for which they wish to thank Mrs. Viola Morrill and Mrs. Rose Bartlett.

GOULD ACADEMY**Thinclads Have Three Victories**

Last Thursday the Gould Academy cross country team won its third victory of the season, this time with a perfect score of 15 against Phillips high school. Previously the Huskies had taken the measure of Oxford Hills and Fryeburg in the first meet of the season. In the second meet at Mexico, they again won first, over Bridgton and Mexico. Their only setback came from an especially strong Portland team.

GOULD 20—KENNEBUNK 6

When you look at the statistics you wonder how it happened. Kennebunk made 13 first downs to Gould's 7. The visitors rushed for 241 yards on the ground and 60 yards in the air for a total of 301. Gould gained 132 yards on the ground and 31 by passes for a total of 163 yards. It was sheer determination on defense when they had to defend the goal line, a gradual wearing down of the visitors, and some great running by Tom Hamilton that made the difference.

Neither team scored in the initial period, but Kennebunk threw away a great opportunity when they fumbled on the G. A. 2 yard line and lost the ball in the end zone.

In the second period Brian McCrodden, intercepted a

Kennebunk pass and carried to the 38 yard line. A pass to Bill Jordan covered 28 yards and two plays later Jim Corriveau went over from 8 yards out. The place kick was blocked and Gould held a 6-0 halftime lead.

Kennebunk tied up the score soon after intermission with a sustained drive of 58 yards climaxed by Mike Condon's 8 yard T. D. run. The pass for the extra point was blocked.

Later in the same period Gould made 15 yards on 4 plays, and then Tom Hamilton exploded through a quick opening, and some beautiful open field running raced 40 yards to score. Corriveau place kicked the extra point and Gould was leading 13 to 6.

In the 4th stanza, the Huskies put on a sustained drive of 73 yards with Hamilton leading the way with dashes of 31, 6, and 14 yards before finally going over from the 8 yard line with only seconds to play. Corriveau again placekicked, but failed to score, and the game ended with a 20 to 6 score, giving Gould a surprising victory.

DUNN IN ADVANCE PARTY OF DEEPFREEZE '63 AT ANTARCTICA

Thomas H. Dunn, aviation electrician's mate first class, USN, son of Mr. and Mrs. George H. Dunn of 32 East Grove St., Farmington, N. H., and husband of Mrs. Patricia (Kittredge) Dunn of Bethel, was in the 119-man advance party opening ice phase of Operation Deep Freeze 63 by landing in four Hercules aircraft at McMurdo Sound, Antarctica.

Stepping out of the aircraft into 55-below-zero weather, Rear Admiral David M. Tyree and the 119 men were welcomed by the 208 Navy men who spent the frigid winter on the polar station.

It was the first contact the station had with the outside world since last March 4, when the Antarctic winter began. Aboard the aircraft were 2,300 pounds of personal mail—including 518 letters for one man.

The advance party will busy itself with preparations for the

LETTERS TO THE EDITOR

7 McKeen Street
South Paris, Maine
October 22, 1962

Bethel Citizen
Bethel, Maine

Editor of the Bethel Citizen:
I wonder what has happened to the Republican Party in this state. With all their power and backing it doesn't seem possible that they could be afraid of competition.

However, I'm sure that they would make a better impression on the public if when Mr. Reed is due in a locality for a political visit; that instead of going over the entire route he is to travel and hauling away all the "Dolloff for Governor" signs; they would use that effort to put up more signs of their own.

These signs represent a good deal of money, that the "Poor Democrats" can ill afford, and many hours of hard work to make and erect.

I wonder if they think that by doing away with these signs it will make Mr. Dolloff disappear or could it be that they haven't told Mr. Reed that he has competition in the election of November 6th.

Mrs. Olive Moore

South Paris, Maine
To the Voters of Oxford County:

It has been called to my attention that my opponent for the office of County Commissioner for Oxford County has been furnishing certain information to you which standing by itself is very misleading, very unfair and very incomplete. For the purpose of explaining some of the incomplete and unfair statements so made I wish to report to you as follows:

1. The County Commissioner's pay in Oxford County is at the rate of \$1800.00 per year, which is \$150.00 per month. The majority of the County Commissioners on a regular day of meeting are in session from approximately ten o'clock in the morning to four o'clock in the afternoon of that day. In addition to this the majority of the County Commissioners attend a number of road hearings throughout the year, have other hearings in connection with their work as established by Statute and receive innumerable telephone and personal calls at their home or place of business during the year in connection with their duties.

It might be well for my opponent to check the time record of one member of the County Commissioners who does not happen to be a member of the same party to which I belong, and it might surprise him to find that the pay of that member might be nearer the figure he quotes of \$75.00 per hour for time spent in the performance of his duties.

2. My opponent apparently does not know that the amount spent for law books each year is determined by the legislature and must be paid by the County.

3. My opponent is apparently unaware of the fact that the salaries of the County Officers amounting to \$335,549.00 are also fixed by the Legislature and must be paid by the County.

4. My opponent is apparently unaware of the fact that the figures he quotes, namely \$5,805.00 for Norway Municipal Court, if carefully read, would show that a large part of the fees mentioned as paid out

are derived from fines which under the law have to be reported and paid to the State Highway Commission, the Fish & Game Department and the Public Utilities Commission.

The suggestion is made by my opponent that the Court should be held in the County Building. A careful study of the figures would show that the saving would be the rent including heat, which is \$741.24. In the very near future it is expected the new District Court System will be in operation and at that time suitable and permanent quarters will be established for the sessions of this new Court.

5. The reported surplus of \$300,000.00 in the County Treasury is far in excess of the actual amount. The cash balances in the General Fund and capital reserve accounts cannot be considered as surplus funds as there are accounts payable as well as segregated funds that must be held in reserve for specific purposes. Also Oxford County finances its current expenses out of revenues thereby eliminating the necessity of creating indebtedness by borrowing money. Taking all of these facts into consideration the non-operating surplus is actually less than \$100,000.00. In 1961 and again in 1962 money was taken from surplus to reduce the tax levy on towns in Oxford County, the only County in Maine able to accomplish this.

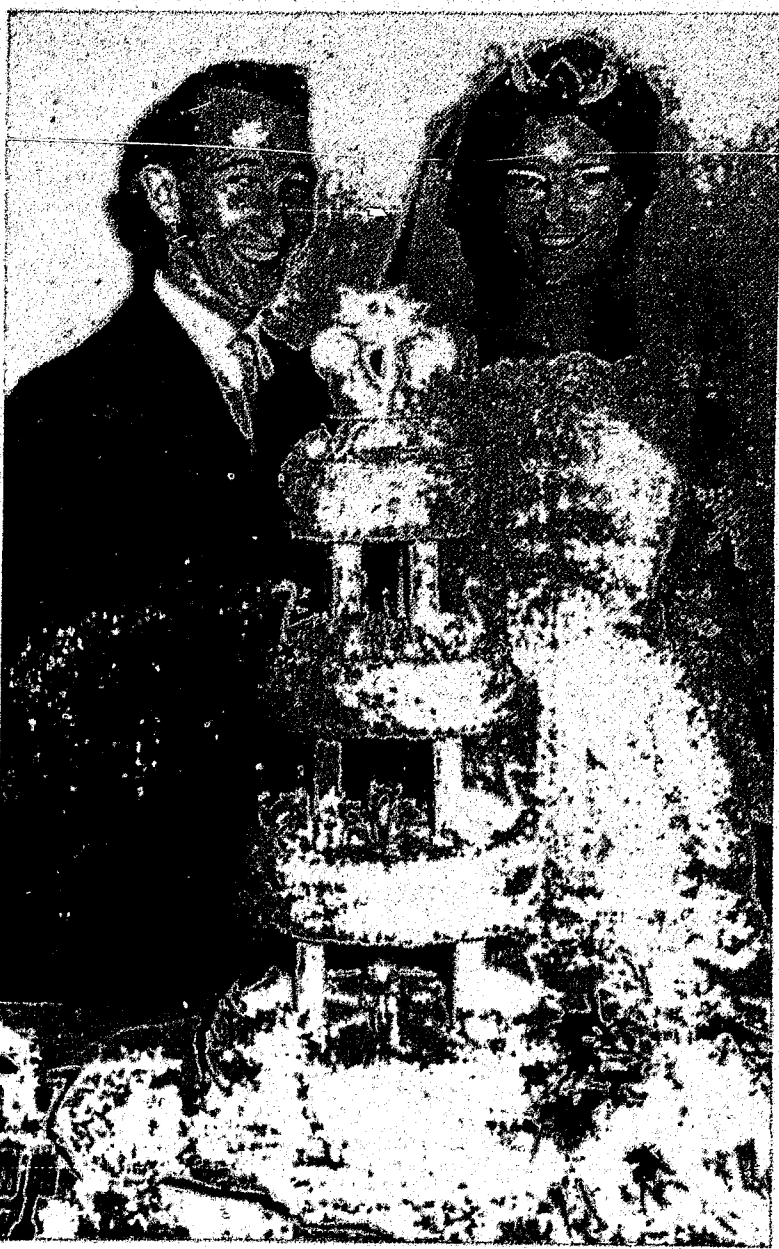

6. A careful study of my opponent's charges would clearly indicate that he is not familiar with the matters about which he is reporting to the public.
